ACTION: Notice.
SUMMARY: NMFS revises the availability of grant funds for vessel owners and/or operators who have purchased an Enhanced Mobile Transmitter Unit (E-MTU) for the purpose of complying with fishery regulations requiring the use of Vessel Monitoring Systems (VMS). SUPPLEMENTARY INFORMATION:
I. Funding Opportunity Description
This reimbursement opportunity is available to fishing vessel owners and/or operators that have purchased an approved E-MTU device in order to comply with fishery regulations developed in accordance with 16 U.S.C. 1801 et seq. Only those vessel owners and/or operators purchasing an E-MTU for compliance with fishery management regulations are eligible for this funding opportunity. The reimbursable expense is the purchase price of a type-approved E-MTU for which the owner and/or operator holds a valid commercial fishing permit or license, not to exceed a maximum of $3,100.00.
II. Eligibility
To be eligible to receive reimbursement vessel owners and/or operators must first purchase an E-MTU type-approved for a VMS required fishery from an authorized E-MTU dealer and receive a receipt of purchase from the authorized E-MTU dealer. The vessel owner and/or operator must have the E-MTU properly installed by an authorized dealer or installer on the vessel and activated utilizing a type-approved communications provider. Upon completion of the installation and activation process, the vessel owner and/or operator must contact the VMS...
Support Center by calling 888–219–9228 to ensure the vessel is properly activated and registered in the VMS system. OLE does not consider a vessel in compliance with activation and registration procedures until the E-MTU signal has been received and processed by OLE.

Vessel owners and/or operators must not be in arrears with a payment owed to the Agency for a civil monetary penalty. Affected vessel owners and/or operators may become eligible for the reimbursement if the outstanding penalty is paid in full within 30 days of the denial of the reimbursement. After payment, vessel owners and/or operators must contact the VMS Support Center and provide documentation to support the defrayment of the penalty to receive a confirmation code for reimbursement purposes.

III. Process

Vessel owners and/or operators that have purchased an E-MTU, and have validated their compliance with the applicable regulations through OLE, may contact the PSMFC. 205 SE Spokane Street, Suite 100, Portland, Oregon 97202, phone 503–595–3100, fax 503–595–3232, for a reimbursement application. Once the application is received and completed by the vessel owner and/or operator, it must be returned to PSMFC along with proof of eligibility in order to qualify for an award. The minimum required proof of eligibility includes proof of authorized operation of a commercial fishing vessel in a VMS required fishery; purchase receipt from an authorized E-MTU dealer, purchase price of a type-approved E-MTU; and a valid compliance confirmation code issued by OLE. Additional documentation may be required for eligibility in particular fisheries. Vessel owners and/or operators should contact PSMFC for a complete listing documentation requirements.

Vessel owners and/or operators are not restricted as to which type-approved E-MTU device they can purchase. However, the amount of the reimbursement will be limited to the cost of the E-MTU type-approved for the fishery, and will not exceed a maximum of $3,100.00. Vessel owners and/or operators are encouraged to compare the features of all E-MTU devices type-approved for the VMS required fishery of interest and explore finance options prior to making a purchase decision. Reimbursement is limited to the cost of purchasing one E-MTU per registered vessel.
